

TERRITORY DELIGHT

Ingredients

1 1/3 cups fine sugar

50 ml Rose water

50 ml water

**500g Raw grated
Cassava**

**Shredded coconut/
crushed almonds**

Cassava is easily grown in the Darwin area and a versatile root made into sweet and savoury dishes.

This recipe was first trialled and adapted by Grusha Leeman when having a cassava food care workshop, featuring cassava and was a big hit and is now a 'Grusha' speciality. It can be rolled in coconut or almonds and is a little bit like Turkish delight with a Territory twist!
